

The Villager – Your Monthly Newsletter - January 2012

Holiday Decoration Reminder for all residents

Olde Stone Village enjoys and supports your desire to decorate your homes and yards during the holiday season. It is great to see residents tastefully celebrating this time of year. Please remember that all outdoor decorations should be removed by January 15, 2012. For those of you who wish to dispose of your live Christmas trees, please remember to remove all decorations and set the tree at your curb for pick up. Last day for pick up will be January 15, 2012. Thank you.

VISIT THE EVEREGREEN AVIATION AND SPACE MUSEUM

With displays ranging from the elegant aeronautic designs of two unknown bike mechanics – Orville and Wilbur Wright – to an actual Lockheed SR-71 Blackbird – the Evergreen Aviation & Space Museum has a little something for everyone. The centerpiece of these aeronautic breakthroughs is the original Spruce Goose. The exhibits celebrate the lives of innovators, pilots, and veterans who courageously pioneered flight in these remarkable machines.

Local Events

January 7th 3:00 pm - 6:00 pm
Valley Repertory Theatre will hold auditions for “Harvey” by Mary Chase from 3 to 6pm Saturday, Jan. 7 and 14, on the central stage in the Chehalem Cultural Center, 415 E. Sheridan St., Newberg. For information on new homes contact Greg at Village Homes, 503-970-9811.

Now Playing at the Evergreen Aviation & Space Museum IMAX THEATER

FIGHTER PILOT

**PLAYING DAILY AT 1pm
SATURDAY 1pm & 5:30pm**

At Red Flag, the international training exercise for the air forces of allied countries, hundreds of pilots meet for the most challenging flying of their careers. The object is to make the exercises as real and challenging as possible — to take the pilots, ground crews, mechanic's and rescue personnel to the limits of what they can handle. The film follows Captain John "Otter" Stratton as he makes his way through this extraordinary event held in the desert of Nevada. As he participates in the exercise, he realizes that being a hero is not quite as simple as he once believed. He notices team members who work all night rebuilding engines and re-installing them into his aircraft so he can keep flying and training. There are people who rise at 4:30 a.m. each day to scour the runways for tiny pebbles that can get sucked into engines and kill pilots. There are people who practice rushing into a flaming mockup of a crashed aircraft, so if there is a real accident, they will be ready to save the pilot. In the flying exercises, John realizes there are other pilots who aren't just out to prove themselves — they are helping him — watching his back, taking personal risks to cover his mistakes. And he is doing the same for them.

THE DREAM IS ALIVE PLAYING DAILY AT 2:30pm SATURDAY 2:30pm & 6:30pm

The Dream is Alive gives the viewer an unprecedented window seat on board the space shuttle. Shot by 14 NASA astronauts on three shuttle missions in 1984, the film includes footage of launches and landings, satellite capture and repairs, space walks and an inside look at the astronauts living in space. Experience the sensation of weightlessness and the splendor of earth from 250 miles up. The Dream is Alive is the next best thing to being there.

THE POLAR EXPRESS 3D PLAYING DAILY AT 11am & 3:30pm

The Polar Express revolves around Billy (Hayden McFarland), who longs to believe in Santa Claus but finds it quite difficult to do so, what with his family's dogged insistence that all of it, from the North Pole, to the elves, to the man himself, is all just a myth. This all changes, however, on Christmas Eve, when a mysterious train visits Billy in the middle of the night, promising to take him and a group of other lucky children to the North Pole for a visit with Santa.
